| 26 | Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.  | <p>Exceptional customer service is the bedrock of All-American Arena Products. We are not a volume-based company, we are a quality-based company. Whether a contact is a first-time inquiry or a seasoned customer, we take the time to understand the need, then bring resources to bear that provide the appropriate solution. Inquiries are addressed same day.</p> <p>Exceptional customer service relies on clear, thorough communication. In addition to email and our toll-free phone number, customers also have access to our cell phone numbers allowing them to contact us any time – and they do! We also prioritize providing specifics such as shipping delivery times, tracking numbers and other details that help make their jobs easier when managing their rink.</p> <p>Exceptional customer service requires accurate record-keeping. We utilize QB software to track customer orders from estimate to final invoice, as well as manage a paper trail back-up. This allows us to respond to requests such as “send me what I ordered last time” quickly and efficiently.</p> <p>Exceptional customer service requires going the extra mile. Helping a backyard rink customer find conduit for his netting from the local Home Depot store because that’s the most cost-effective solution for him, or changing the ‘ship to’ address of a package mid-delivery twice with UPS (world’s most difficult online/phone system to navigate!) because the customer’s warehouse closed due to COVID restrictions, or researching and sourcing new material to solve a unique issue with pre-drilled facing holes are just a few examples of how All-American is committed to its customers.</p> <p>Other protocols are outlined in our customer service standards attached.</p> | * |

| Line Item | Question  | Response *  |
|-----------|---|---|
| 42        | Do your warranties cover all products, parts, and labor?  | Yes. Customers with warranty issues should notify All-American as soon as defect is discovered. All-American will verify defect and work to correct the issue in a timely fashion.  |
| 43        | Do your warranties impose usage restrictions or other limitations that adversely affect coverage?   | Some exceptions such as neglect, abuse, vandalism are not covered by warranty. (See attached warranty information.)   |

**Table 10: Payment Terms and Financing Options**

| Line Item | Question  | Response *  |
|-----------|---|---|
| 49        | What are your payment terms (e.g., net 10, net 30)?   | Net 30 days for approved credit applicants. Other payment options include credit card and payment in advance.   |
| 50        | Do you provide leasing or financing options, especially those options that schools and governmental entities may need to use in order to make certain acquisitions?   | All-American Arena Products does not directly offer leasing or financing options; however we have referred customers to Geneva Capital for those services. Sourcewell has members who offer this service, and we would be happy to recommend them to customers as needed.   |
| 51        | Briefly describe your proposed order process. Include enough detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template. For example, indicate whether your dealer network is included in your response and whether each dealer (or some other entity) will process the Sourcewell participating entities' purchase orders. | <p>All-American Arena Products manages the order process from start to finish. Customers are provided estimates/quotes, which, when approved, are converted to sales orders with accompanying POs if required. Once an order is shipped, customers are provided tracking information and an invoice. All invoices are paid to All-American allowing us to track sales for Sourcewell members without needing to rely on other partners' billing systems.</p> <p>In our experience with NCPA reporting, determining administrative fees is a straightforward calculation based on a QB report filtered for the category of sale selected and the dates of the reporting period. Reports are pulled on a cash basis to trigger payment of the administrative fee at the correct time.</p> <p>Our customer database is maintained to include name, address, contact, email, telephone number, etc. as required in Section 8 of the Contract.</p> |
| 52        | Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?  | Yes; no additional charge.  |

**Table 11: Pricing and Delivery**

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

| Line Item | Question   | Response *  |
|-----------|--|---|
| 53        | Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response. | All-American Arena Products' pricing is based on line-item discounts. [pricing list document included]  |
| 54        | Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.   | Sourcewell member pricing represents a discount off of our retail price list, plus an additional percentage - in most cases the Sourcewell discount is an additional 5% off a volume-discounted price (Range: 3 - 10%).   |
| 55        | Describe any quantity or volume discounts or rebate programs that you offer.   | <p>Quantity/volume discounts are listed on the attached price list. Because items vary greatly in the scope of this category, a volume discount for fasteners will be substantially different than a volume discount for a rink's worth of poly.</p> <p>In our opinion, rebate programs bank on the likelihood of customers failing to complete required paperwork. We are upfront about our pricing and do not offer our customers gimmicks to earn their business. If rebates are offered by suppliers, we will pass that costs savings on to our customer and take care of managing the paperwork required. Our differentiators are quality products, fair pricing, and exceptional customer service, not paperwork-laden rebates.</p> |

|    |   |   |   |
|----|---|---|---|
| 56 | Propose a method of facilitating “sourced” products or related services, which may be referred to as “open market” items or “nonstandard options”. For example, you may supply such items “at cost” or “at cost plus a percentage,” or you may supply a quote for each such request.  | Sourced products or products outside of our typical contracted offerings (not listed on our price list), will be quoted individually at cost plus 20%.<br><br>If a sourced product is available through another Sourcewell vendor, we would work to get the vendor and member together to further facilitate their purchase.  | * |
| 57 | Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer. | NONE – All of our pricing (aside from freight/shipping) is disclosed on our price list. Items such as installation, set-up, and training are included unless specifically indicated otherwise on the sales order/quote.   | * |
| 58 | If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.  | Unless otherwise noted on the price list, freight/shipping is an additional charge. All-American utilizes a competitive screening process for each shipment and works to minimize shipping costs to the customer, while contracting with reputable freight companies. Using this method also allows us to choose a carrier who can provide a specific delivery window if requested by the Sourcewell member.<br><br>Truckload delivery locations need to be accessible for a 53-foot trailer. Customers are entitled to a shipping quote prior to placing an order if requested.<br><br>For customers who have contracts themselves with freight providers, we are happy to coordinate with them to facilitate transport of goods.<br><br>For package delivery of smaller items, we ship via UPS, unless requested otherwise by the customer. | * |
| 59 | Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.   | We have found great success using the above methods when shipping to Alaska, Canada, and Finland. We would anticipate similar results to Hawaii and other offshore locations.   | * |
| 60 | Describe any unique distribution and/or delivery methods or options offered in your proposal.   | In stock items that are size-appropriate to ship UPS will ship the same day (up to 4:00 pm Central time M-F). Orders received after 4:00 pm will ship the next day. The standard UPS on-time guarantee applies to the cost of shipping.<br><br>Items drop-shipped will have their own ship schedule and that schedule will be coordinated and communicated at the time the order is placed.<br><br>Special requirements for shipping (air, lift gate, ocean, inside delivery, brokerage fees, and duty, etc.) require a freight quote at the time of purchase.  | * |

|-----------|---|--|

**Table 13: Audit and Administrative Fee**

| Line Item | Question   | Response *   |
|-----------|--|--|
| 62        | Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell.                                | <p>Upon award of Sourcewell contract, all contract pricing will be installed into our QuickBooks pricing level feature. As part of our sales procedure, all customers will be asked if they are a Sourcewell member.</p> <p>With our accounting software (QuickBooks), customers are assigned a "class." Sourcewell members will be assigned a unique class designation. The Sourcewell class designation will prompt Contract pricing in the system.</p> <p>Class designation also allows us to run aggregate reports for Sourcewell-Contract sales by a specified date range resulting in accurate administrative fee payments to Sourcewell. Administrative fees will be paid quarterly on Sourcewell members' orders with no outstanding balance due.</p> <p>In addition, the user role assigned to each Sourcewell member for on-line ordering through our website will automatically apply the Sourcewell customer discount.</p> <p>With this information we have the ability to apply Sourcewell discounts by class, track sales, and provide detailed reports by class as needed per the contract terms.</p> |
| 63        | Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.) | 2% of sales (paid invoices) from Sourcewell members.   |
